

GOING TO THE SHOE SHOP

ShuZu

You will be greeted at the door and given an area!

Don't forget to sanitize your hands!!

You're feet will then be measured with our foot gauge

We will then get shoes from the stock room for you to try!

A selection of shoes will be brought out to you and you will try them on!

You will have a walk around in them to see if they fit and are comfortable!

When you have chosen the pair of shoes you want, you will go to the till to pay...

Well Done! Feet measured, shoes checked

Now it's time to go!

Goodbye, and see you next time!
